

## Non-professional Statement

From the bylaws of the Associated Koi Clubs of America (“AKCA”) as changed in 2003 and regarding Conflict of Interest: "...No Officer, Director, KOI USA Editor, or Committee Member can be engaged in commercial enterprise; be it a dealer or commercial breeder or manufacturer of products related to Koi or Koi ponds, nor be representative or agent of said commercial enterprise..."

As a Koi Health Advisor (“KHA”) student and an anticipated member of an AKCA committee, I hereby stipulate that I am not now in violation of the AKCA bylaws prohibiting officers, directors or committee members from engaging in commercial enterprise related to the breeding and/or sale of koi or products and/or services functionally related to koi keeping. Further, if my status in this regard changes in the future, I will notify the KHA Program Director immediately.

Signed,
